About me

I'm a proactive and adaptable learner with strong communication, problem-solving, and critical thinking skills. Through hands-on experience, I've developed the ability to quickly pick up new tools, stay focused under pressure, and work well in a team. I approach challenges with curiosity and resilience, always aiming to grow, improve, and make a meaningful contribution.

Experience

Just School (English Tutor, Dec 2023 – Dec 2024)

- Taught English to a wide range of learners – from young children (ages 4–5) to adults (50+), including various other age groups, covering language levels from A1 to B2.
- Hard Skills:** educational delivery, curriculum adaptation for different ages and proficiency levels (A1–B2).
 - Soft Skills:** strong communication, adaptability, problem-solving, critical thinking, resilience, ability to connect with diverse audiences.

Hackathons:

- Acted as Project Manager and Frontend Developer: organized teams, built UIs with React, connected APIs, and delivered under tight deadlines.
- Hard Skills:** frontend development (JS, HTML, CSS), sprint organization.
 - Soft Skills:** teamwork, leadership, rapid decision-making, stress management.

Pet Projects:

- Strengthened technical skills, fast learning, and independent project management through hands-on experience.
- Hard Skills:** coding(HTML, CSS(Sass, Less), JS(React, TypeScript, Git/GitHub, Rython 3, C, C++ Java, PHP), project planning.
 - Soft Skills:** problem-solving, adaptability, self-learning..

Other Experience:

- Financial Analyst** (december 2024 - march 2025)
- Administrator** (May 2022 – July 2022)
- Waiter** (Summer 2021)
